Ms. Milena Andrade
Mortgage Solutions

To Whom It May Concern,

North Shore Multicultural Society is a non-profit organization that has provided immigrant settlement and integration programs to immigrants and refugees since 1991, serving over 4,000 clients every year on the North Shore in the Greater Vancouver Area.

We had a pleasure of having Andreia to give a presentation on mortgage and personal credit management to a group of newcomer immigrants at our facility on November 2nd. The presentation was very informative and useful to any newcomers who are new and trying to settle in Canada. Andreia has shown that she is extremely knowledgeable in financial topics and provides priceless strategies on how to handle and maintain good financial success in personal lives.

I sincerely recommend Andreia's presentation to all newcomer immigrants and refugees who are ready to be familiar with Canadian financial languages & systems and gain great advice on how to build a healthy financial portfolio in Canada.

My best,

Minori
